

– **Announcement for the procurement of IT equipment for the needs of the project “A real time monitoring and leakage detection and reduction system in water distribution networks – Smart Water Save” Open until 10.12.2020**

Announcement for the procurement of IT equipment for the needs of the project “A real time monitoring and leakage detection and reduction system in water distribution networks – Smart Water Save”, within the framework of the Interreg IPA Cross-border Cooperation Programme “Greece – the Republic of North Macedonia 2014-2020” for the needs of the Public Communal Enterprise “Proleter”, Resen. The announcement is open until 10.12.2020.

Our ref: CN1-S.O 2.3-SC011/TD3

the Public Communal Enterprise “Proleter” in Resen is announcing an

INVITATION TO TENDER FOR SUPPLY OF IT EQUIPMENT

within the project “A real time monitoring and leakage detection and reduction system in water distribution networks”

The procedure to be applied for this announcement is the single tender procedure according to PRAG rules. The complete tender dossier can be found at the following web sites:

<http://www.resen.gov.mk/>
<https://feit.ukim.edu.mk/oglasii-javni-povici/>

It includes:

A. Instructions to tenderers Annex TD 1

B. Format of offer

C. Format of contract

For full details of the tendering procedures, please see the **IPA Procurement Manuel**, which may be downloaded from the following website:

<http://www.ipa-cbc-programme.eu/gallery/Files/Library/IPA-Procurement-Manual.pdf>

We look forward to receiving your tender before the deadline set in point 2 of the Instructions to Tenderers. Please send it to the address and with the requirements given in point 10. By submitting a tender you accept to receive notification of the outcome of the procedure by electronic means.

Resen, 18.12.2020
